DESIGN & LAYOUT

Charles. R
Graphic Designer

MD'S Desk

Our Voltech Group, being a leader in exploring constantly new areas in the field of Electric Power, takes great pride in highlighting some of the major issues that we have gone through in the past three months.

Symbolizing our global expansion, we have shaken hands with various companies overseas, and this includes the major and first prestigious order received from the Customer – **M/s. Kiewit (TIC) USA.**, to supply of LOTO Manager Services for value of **USD 16,000/-**. The management congratulates Country Manager – Mr.P.Rajashekar and his team members for bagging this Order.

Established New Branch office at **TOGO by VEPL** as "**Voltech Engineers TOGO SARL**" and appointed Country Manager – Mr. S. Eswaran to look after Republic of TOGO.

Also **MOU signed between Voltech O AND M Services Pvt Ltd & M/s. NESMA United Industries – Kingdom of Saudi Arabia.**

Concentration on quality and Safety improvement being vital to our activities, VEPL has conducted Safety Awareness and First Aid Training Programmes at our HQ & Sites. Our Engineers have been awarded as Engineer of the Week & Engineer of the Month by M/s. VEDANTA Ltd.

We feel overjoyed to broadcast that both Domestic & International Market in Services have bagged much orders from the prestigious customers like ADANI, VEDANTA, Shapoorji, Hindustan Zinc, Tata Steel, M/s. DOOSAN, HITACHI, CHINA Petroleum to name a few.

In order to improve and expand the business volume in Manufacturing Units, we have focused on Vendor Approvals & Type Tests conducted for our manufacturing range of Products which surely increase our Customer Base in the Industry.

Got approvals from **Engineers India Limited (EIL)** for Power Transformers upto 2 MVA & Distribution Transformers upto 5000 KVA.

KPTCL for LT Panels, Rajasthan Water Supply & Sewerage Management Board for Power Transformers upto 20 MVA & Distribution Transformers upto 2500 KVA.

We also have a plan to construct our new factory for Asia Power Electricals Pvt Ltd wherein we have ventured into the Repair & Maintenance of higher capacity transformers with state of art infrastructure at Vittavidgai near Sriperumbudur Village - Tamil Nadu, In order to offer some diversion to members of our staff, who are the heart and soul of our Voltech Group, our Team organized various events including New Year Celebration, Pongal Celebrations, Women's Day, Republic Day, Safety Day ,etc.,

We look forward for many new ventures and endeavors in the days to come. My hearty congratulations for the editorial BOARD MEMBERS OF Voltech Vista for this Quarterly edition of Vista.

"Leadership is the capacity to transform vision into reality."

With Regards
Mr.M.Umapathi

Vistorial

VOLTECH vista has been a manuscript for all the developments and happenings in the group almost for a decade. From a newsletter, it has come across various changes in format, colours, volume, editors, content freedom, etc. The reader base for the magazine has remarkably increased. We are getting enormous reviews from different angles. The Management's recognition on this magazine as a marketing / information tool has definitely increased the responsibilities of the contributors in the effective making of any new edition.

It's indeed my pleasure, taking charge as an editor of this quarterly magazine. Though my style will be different I feel the concerns and passions are much the same. I plea you all to let go of the familiar and embrace the new. Interestingly, this edition is a women's day special edition and in general as a woman and also as an active member of VOLTECH Manini Valar Mandram. I think nothing more is required to explain the power, authority and empowerment status of female in VOLTECH group. By this opportunity, I'm pretty sure that I'll come across major happenings in the industry – specifically in the group companies which will definitely teach me the business language in a better way than any others can actually do.

There would be many changes in the world politics, Indian economy, VOLTECH's administration, team hierarchies, etc. in near future. Considering the content and design as two faces of a magazine, I would assure you that the Vista will be more informative, attractive and collaborative henceforth. I foresee Lots and lots to cover up in the days ahead. Stay tuned for the surprises and new contents in the editions to come.

Mother earth has not seen such a stagnancy in human intercession in recent centuries. Amidst the huge socio-economic losses, it is seen that the nature has healed itself in a greater scale. Life of many has been significantly impacted by the COVID-19 health crisis. It's high time we realize the importance of saving nature and for now, we all need to focus on taking the right precautions to take care of ourselves, our loved ones and our greater communities.

Designer's Note

Women have always been contributors to this magazine on various issues, and on more than one occasion have influenced my design concept all the way back to the drawing board. I was rather referring to the feminist ideal typified in art and design which first broke cover in the 1960s, and which is now part of mainstream conversation. If there has ever been any projection of male power in any of my work until now, or even any contrived likeness of discrimination, then I owe every one of my patrons an apology.

Feminism in the art and design world was important as it transformed cultural attitudes and shattered stereotypes. Art is not merely aesthetic escapism, but a tool to incite viewers to question the social and political landscape. Art was therefore a form of dialogue, and one which needed to include the woman's perspective. Feminism played an important role in de-glamourizing abstract expressionism which was so typical of the male dominated world. Women also brought in new techniques, materials and ideas into their work. It was the feminine venture that broke the rigidity of tradition, and expanded the definition of art to include wider and more nuanced perspectives

So I concluded that any lack of a participatory design paradigm would inevitably entail overlooking women's needs, wants and preferences. And art and design are two sides of the same coin. In the modern world, their ability to change cognition and rewire our thinking to form new habits are beyond comprehension. Gender roles almost certainly come into play in the depiction of art and design, in spite of every effort to contain it. That is why a designer must be sensitive to not convey a wrong impression or exclude someone from his concept. That in itself is the worst form of prejudice.

I now invite you to browse the following pages, as my toil and intervention have worked tirelessly to overcome many biological shortcomings. I hope this effort would rehabilitate our cognitive biases, and hark upon a different utopia in a world far removed from our own.

Your friend in creation,

Charles. R

INDEPENDENT COMPANY - DOMESTIC 1

Major Orders

BUSINESS UNIT I

(CHENNAI AND SOLAR, BANGALORE AND OIL & GAS, HYDERABAD, WATER AND WIND)

- Successfully received order for the value of **1.441 MINR** from M/s.Solairedirect India LLP for Testing of various solar plants in INDIA.
- Successfully received order from M/s.L&T, Bangalore International Airport to the value of **3.29 MINR** lakhs for Testing & Commissioning activities.
- Successfully received order valued **9,91,000 INR** from TATA Steel for Testing & Commissioning of Electrical Equipment's at Noamundi.
- Order received for a value of **7,36,000 INR** from Siemens for TOE Load Testing and Analysis Service at CMRL, Chennai-Project.
- Successfully received order valued **4,76,000 INR** from Siemens Gamesa for solar module analysis using PV200 kit at Raichur, KA.Project.

Major Happenings

- Successfully executed the **Shut Down order from SEPC, Tuticorin** and received the payment within short span.
- Successfully completed the **Annual Testing activities for various solar plants across INDIA**, on-behalf of Engie Solar within short span.
- Successfully completed **Testing of Electrical equipment at MRSS, Barbil** on behalf of Tata Steel.

New Development

- Started Techno Commercial discussion for **Data Centre projects at Chennai - T.N** on behalf of M/s. Controls Projects.

Site Commissioned Detail

- 110 /6.6 KV substation commissioned on successful manner on behalf of **M/s.L&T at Bhima Lift irrigation plant, Yadgir, KA.**
- Successfully commissioned Pandoh Takali, Himachal Pradesh – Tunnel Project on behalf of **Shapoorji Palonji.**
- Successfully completed Testing & Commissioning of Lift irrigation Project at **Harapanahalli-KA Project** on behalf of **M/s.L&T.**

GLOBAL LEADER IN TESTING & COMMISSIONING

The VOLTECH GROUP is a pioneer in the field of electrical engineering.

BUSINESS UNIT II

NORTH AND WEST REGIONS

DELHI

- Successfully received order from M/s. Siemens Ltd, for the value of **2.34 MINR** for Testing & Commissioning activities.
- Successfully received order from M/s. Larsen & Toubro Limited, Construction for the value of **1.84 MINR** for Testing & Commissioning activities.
- Successfully received order from M/s. Larsen & Toubro Limited, Construction for the value of **5,20,000 INR** for Testing & Commissioning activities.
- Successfully received order from M/s. Larsen & Toubro Limited, Construction for the value of **4,12,000 INR** for Testing & Commissioning activities.
- Successfully received order from M/s. SHARMA (Project - Turnkey) Engineers, for the value of **3,45,000 INR** for Testing & Commissioning activities.

MUMBAI

- Successfully received order valued **7,80,000 INR** from M/s. L&T Construction infrastructure, Jodhpur and Bikaner Division under L&T CORE Project.
- Successfully received order from M/s. Shree Ajit Pulp and Paper, for the value of **2,40,000 INR** for Testing & Commissioning activities.
- Successfully received order from M/s. SAS Powertech, for the value of **5,49,000 INR** for Testing & Commissioning activities.
- Received Amendment Po for the value **3,12,000 INR** from M/s.L&T for Testing & Commissioning activities.

BUSINESS UNIT II

NORTH AND WEST REGIONS

VADODARA

- Successfully received order from M/s. JayKay cement-Panna, for the value of **2,50,000 INR** for Testing & Commissioning activities.
- Received Amendment Po for the value **3,38,000 INR** from M/s. Hitachi Energy-Reewari/Deoka for Testing & Commissioning activities.
- Successfully received order from M/s. Hitachi Shakti Sadan, for the value of **5,39,000 INR** for Testing & Commissioning activities.
- Successfully received order from M/s. Hitachi Sripatinager for the value of **3,19,000 INR** for Testing & Commissioning activities.
- Successfully received order from M/s. Siemens Kolkata sham steel for the value of **4,48,000 INR** for Testing & Commissioning activities.

BUSINESS UNIT III

HVDC, ETC, EASTERN REGION, CENTRAL REGION & ISRC (INDUSTRIAL SOLUTIONS, REFURBISHMENT AND CONDITIONAL ASSESSMENT)

- Successfully received order worth **1.432 MINR** from M/s Techno Electric & Engineering Co Ltd for PGCIL, Uttar Pradesh site.
- Successfully received order worth **1.61 MINR** from M/s Jindal India Private Limited for Overhauling of HT/LT Switchgear at Angul.
- Successfully received consecutive order worth **5.9 MINR** lakhs from M/s Tata Steel, BSL for MV/HV BREAKER MAINTENANCE at Duburi.
- Successfully received order worth **1.41 MINR** from M/s Angul Energy Limited for Breaker Maintenance at Angul site.
- Successfully received order from M/s Haldia Petro Chemicals for the value of **1.57 MINR** for Removing, inspection & testing of Rotors.
- Successfully received order worth **2.17 MINR** from M/s GET&D India Ltd for HVDC TCR project.
- Successfully received order from M/s Angul Energy Limited to the value of **2 MINR** for Maintenance of LV Breaker at Angul.
- Successfully received order from M/s NEELACHAL ISPAT NIGAM LIMITED, DUBURI for the value of **1.46 MINR**
- Successfully received order worth **1.56 MINR** from M/s S.K. Samanta & Co P Ltd for T&C at Jayant CHP site.
- Successfully received order worth **1.8 MINR** from M/s Tata steel, Angul.
- Successfully received order worth **2.5 lakhs** from M/s Tata steel, Angul for breaker testing.
- Successfully received order worth **1.6 MINR** from M/s RUNGTA MINES LIMITED, Angul for Testing and commissioning at Dhenkanal Steel Plant.
- Successfully received order worth **20 MINR** from M/s Tata Steel Ltd, Angul for Breaker services.
- Successfully received amendment order worth **50 MINR** from M/Vedanta Ltd, Lanjigarh for retrofitting activities.
- Successfully received order worth **1 MINR** from M/s Steag Energy for Haldia project site.
- Successfully received order worth **1.75 MINR** from M/s Runh Power Energy for Vedanta Lanjigarh project site.

Major Happenings

- Our Engineers Mr. N. Suresh, Mr. D. Bharath had received prestigious award 'Engineer of the Week' from M/s Vedanta Ltd for Completion of Earthing flat Network of Boiler #1, for Restoration of EOT 2 panels without OEM Support.
- Mr Shankar, Project Manager had received award of 'Employee of the month' for safe dismantling & shifting of 75 MVA transformer at 132 KV switchyard.

Major Orders

BU I | PROTECTION

- Bagged an order for Protection testing of HT & LT Panels at ACC project for M/s. Humboldt Wedag worth of **1.2 MINR**
- Bagged an order for Protection testing of MV & LT Panels at My home project for M/s. Humboldt Wedag worth of **1.8MINR**
- Order booked for testing and commissioning of Traction protection system in Eastern Dedicated Freight Corridor project (CP305 – U.P.) for M/s.L&T Limited worth of **1.5 MINR**
- Successfully completed configuration & testing of relays at ONGC – Mumbai offshore for M/s. ABB India Ltd Worth of **6,00,000 INR**
- Maiden order received from M/s.Heavy Water Plant, Manuguru for a tune of **8,00,000 INR**
- We had been allotted as L1 bidder for relay testing tender floated by M/s.RRVUNL, Rajasthan for a tune of **4,00,000 INR**

BU I | AUTOMATION

- Carried out the below activities on behalf of M/s.Siemens Ltd.
 - Successfully commissioned PAS in **400/220KV PSTCL-Dhuri substation.**
 - Successfully completed testing & commissioning of HMI & RTU at **400/220/132kV UPPTCL Machhalli Shahar, Jaunpur substation.**
 - Successfully completed AMC of PAS & Installation of RTU at **220/33/11kV GED, Amona – Goa.**
 - Successfully commissioned HMI & PAS at **66/11kV GIS Thruppunithura.**
- Configured & tested ABB PAS system at **400/220kV substation, Vikhroli under M/s.Hitachi Energy India Ltd.**

BU II | DIAGNOSTICS

- Order received for Partial Discharge Testing from M/s. Somvanshi Solar & Power Consultancy Pvt Ltd worth of **1 MINR** successfully completed the testing within 10 days.
- Received order from M/s. Gafi Infra structure worth of **9,75,000 INR** for testing of transformers and successfully completed the testing within 10 days.
- Received Order from M/s. Voith Hydro, Nepal worth of **2,00,000 INR** for Tan Delta testing.
- Order received for breaker testing from M/s. Ramco Cements Limited worth of **2,50,000 INR**
- Repeat order received from M/s. Somvanshi Solar & Power Consultancy Pvt Ltd worth of **3,00,000 INR** for DFRA and DCRM testing.

BU III | TRAINING

- Bagged an order for a tune of Rs.9.5 Lakhs for providing technical training for working professionals from **M/s.ACME Cleantech** at four different states. **(Punjab, Rajasthan, Karnataka & Maharashtra)**

New Year Celebrations

New year Celebrations, a blessing pooja and a collective meeting of staffs were held on the 1st of January 2023 at the ECO Tower Head Office and Same day at Volttech Technopark, Pillaipakkam, Cheyyar and Kovur respectively.

The CMD himself led the prayer ceremony this year with all his heads present. The MD congratulated all his staff members on the excellent effort, and advised all to be 'cost oriented' in identifying all areas where costs could be brought down. The MD appraised the gathering on the economic outlook for the company and the competitive horizon in the forthcoming periods. The New Year was a cool morning with the dew of the previous night yet to depart for the skies. As well as to have a good business structure in terms of revenue and new customers, the employees expressed optimism of the future and joined collectively in their prayers. Sweets and calendars were distributed to all employees by the CMD, along with the 2023 corporate diary.

Pongal Celebration @Voltech Head Office

The annual harvest festival of the Dravidian Culture 'Pongal', constitutes the most important week of the Tamil Calendar, marking festivities and celebrations extending an entire week and beyond. Pongal in Tamil means "boiling over or spill over." The boiling over of milk in the clay pot symbolizes material abundance for the household.

Thai Pongal falls on Makara Sankranti celebrated throughout India as the winter harvest. Thai Pongal, celebrated at harvest time, is traditionally intended to thank the Sun God and farmstead livestock that helped create the material abundance. The saying "Thai Pirandhal Vazhi Pirakkum" (தை பிறந்தால் வழி பிறக்கும்) meaning "the commencement of Thai paves the way for new opportunities" is often quoted regarding the Pongal festival

Voltech participated wholeheartedly in this 1000 year old festival during the second week of January. Pongal celebrations at Voltech were made colourful by the many traditional garments adorned by the lady staff members, as well as the Kolam (Rangoli) competition, that showcased some of the most innovative designs by the participants.

Sweets are distributed to employees.

Rangoli Competition

Kolam (Rangoli) is a regular feature of Tamil households, a chore performed during the early hours of each morning with religious regularity, using powdered rice, mixed with colours, on the threshold of their homes and auspices, symbolic of welcoming guests, a value based system that goes back thousands of years, as echoed in India's culture "Athithi Devo Bhavah". Gifts are distributed to the winners by the CMD With VMVM Team.

74th Republic Day Celebration

The 74th Republic day was a day for all Indians to celebrate and honour India and her sovereignty. The enormous efforts and sacrifices of millions of freedom fighters whose blood and sweat gave birth to the Republic was remembered and cherished. Republic day above all symbolized India's republican values.

VOLTECH HQ marked this momentous day with a solemn flag-hoisting ceremony by the Mr. R. Adalarasan - Director - Marketing in the presence of all senior heads, employees and staffs. 2023 was a year of many successes, as Voltech progressed from strength to strength, renewed in its patriotic fervour and zeal as it strived for the pinnacle of India's manufacturing process.

REPUBLIC
DAY 26
JANUARY

Womens Day Celebrations

Events & Celebrations

International Women's Day is celebrated on Maarch 8th, as a reflection of millennia of struggle to receive their rightful roles in society and communities, and to enjoy a better life as the fruits of the women's liberation movement. We will be celebrating our Women's day (08.03.2023 - Wednesday) at Buhari's "Blue Lagoon Beach Resort", Neelankarai, Chennai.

Voltech pays obeisance to every woman who has impacted upon our life and society, and upholds them for their sacrifice. Women have played pivotal roles in the shaping of Ancient India's history and are pivotal characters in Indian Mythology. Draupadi and Kunti, who were indispensably a part of the Mahabharatha were two women who shaped the course and history of ancient India, having guided the greatest warriors the ancient world has known. During the Colonial era and since, women in India were denied their due. The Colonial Era was a dark period in India's history where women were subjugated, abused, castigated, beaten and reduced to lesser human beings by various laws and socio-cultural discrimination. Aside from the abhorrent practice of Sati, women were denied right to education, ownership of property, equal status and suffrage.

VMVM Team Congregates at Blue Lagoon Beach Resort

VMVM Team Congregates at Blue Lagoon Beach Resort

Voltech VMVM Team Group Picture at Blue Blue Lagoon Beach Resort

Despite these terrible blots in our history, a few women still stood out for their courage, leadership and sacrifice. Rani Lakshmi Bai was one of them, having fought valiantly against British Hegemony and the East India Company, bringing the company down to its knees during the revolt of 1857. Mumtaz Mahal was the poetic ruse who inspired one of the most magnificent monuments that have ever graced the world. There are so many more who have faded into the annals of history, but whose spirit shines bright even today in the eyes of India's women. This is a tribute to such women, who have made their mark known in the world, and have served as a shining example for others to emulate.

March

HAPPY WOMEN'S DAY

Safety Day *Celebrations @ Voltech Eco Tower*

Events & Celebrations

The National Safety Week was flagged off throughout the country beginning from 4th March to 10th March. It's a national movement carried out annually to prevent and lessen the loss of life including various human problems and their associated financial costs through safety, health and environmental related support services.

National Safety Day is celebrated with great enthusiasm to generate awareness on how to prevent industrial accidents through widespread safety awareness programs in public spheres which have not been covered by any safety legislation.

The National Safety drive has significantly contributed to reduction in the rate of industrial accidents and created widespread safety awareness across sectors. The campaign is comprehensive, general and flexible with an appeal to the participating organisations to develop specific activities as per their safety requirements.

Safety Flag Hoisting by Mr. R. Adalarasan - Director - VMCL

Voltech held the 52nd National safety day on March 4th to continually educate and train employees in safety practices both at work and at home. To enhance the occasion, fun games were conducted at the Corporate Office. The Managing Director started the event by hosting the flag followed by reciting the safety pledge, emphasizing on the importance of safety afterward in a speech, while commending the improved safety record of the company in the previous year, witnessed by minimized instances of casualties and fatalities in the field. The event ended after prize distribution for the best safety worker and winners of the fun activities.

While drills and training events are a regular feature in the Voltech Calendar, the safety day provided additional measures and inputs on emergency reaction and evacuation. Voltech is proud of its exemplary safety record, reporting zero casualties and fatalities in the field and reduced incidents of near-miss instances reported over the previous year.

Safety Day Pledge Deliver by T. Premnath - Director - VBMS

Safety Slogan & Drawing Competition

The safety team conduct a safety slogan and drawing competition to all VEPL Engineers and VMCL Factory Workers of Voltech. This was not just a safety competition but the winning Safety slogan and drawing will be captured as Voltech's Safety Slogan everywhere in the world. Many participated and the Safety slogan and drawing were selected by Our CMD Mr. M. Umapathi and Directors.

Women Who Are You

When we are born some are happy some are sad
When we grow some have restriction some have open hands
When we are set to see our life we have pain and gain
When we have a family we are the strugglers or the task makers
When we are there the family is home
We are the inspiration we are the soul
We are the entrepreneurs we are the home makers
We are the love we are the hate
We are the flowers that bloom to the sunrise
We are the hope and medicine for all
We are the first and the last for ALL
We are the **WOMEN of TODAY AND TOMORROW**
We are the **MEANING OF U AND ME**

பெண்

பெண் அழகான சித்திரம்...
வீட்டின் பொக்கிஷம் என்று புகழ்ந்தது போதும்...
அவள் பேரழகி என்று வர்ணித்தது போதும்...
அழகினால் அடையடுபவள் அல்ல...
அவள் பெண் வீரத்தின் அடையாளம்...
விவேகத்தின் இருப்பிடம்...
தேவியத்தின் நிறப்பிடம்...
செயலில் இவளுக்கு புகழிடம்...
அவள் நினைத்தால்...
கல்லும் கரையும், கற்பனையும் நிஜமாகும்...
