MD's Desk

Welcome to the newest publication of our **Half Yearly Newsletter - Voltech VISTA**.

It has always been my purpose that every newsletter we send out, should brace our communications with our members. This is why I always bask to ensure that the content is significant and fascinating for each member who reads it.

This issue, therefore, covers a variety of topics which I am sure you will find informative about our Group activities.

We're thrilled to share some of our most recent accomplishments and updates that we have gone through in the past six months.

"It's not about Idea, it's about making Ideas happen". We have been in the urge of entering into International Market Business of Operation & Maintenance Services, and we now successfully got Prestigious Work Order from Bangladesh India Friendship Power Corporation Ltd @ Bangladesh for carry out the O & M Services for their Thermal Power Plant.

"First Mile Stone in International Presence by Voltech O & M Services Pvt Ltd"

We recently received a token of appreciation from one of our valued Customer - M/s. Chennai Metro Rail Limited, Chennai for Exceptional Support by our Team of Engineers & Technicians for their Selfless Commitment and Tireless efforts during **"MICHAUNG CYCLONE"**

We're grateful for M/s. Chennai Metro Rail Limited, the trust they have placed in us. Thank you for being our valued customer.

Recently we have appointed **Mr. Vinodh** as our **New Country Manager at UZBEKISTAN** to market and promote our quality products and services to various Utilities.

We feel overjoyed to broadcast that both Domestic & International Market in Services have bagged much orders from the prestigious customers like ADANI, NTPC, SECCP, Shapoorji Hindustan Zinc, Tata Steel, HITACHI, WIND WORLD, RIC Energy, Elecnor to name a few.

We have participated and showcased our Products @ **Global Nuclear Power Conference-Exhibition ATOMEXPO 2024** organized by Russia's integrated nuclear power major Rosatom on March 25-26

In order to improve and expand the business volume in Manufacturing Units, we have focused on the optimization of various workplace tasks with the aim to increase efficiency and productivity while reducing costs and waste.

We have inaugurated **Panel Fabrication Unit & Tank Fabrication Unit at Cheyyar Unit @ Phase - II**

Received various orders for different ratings of Transformers, LT / HT Panels, CR Panels Battery Chargers from Larsen & Toubro - AMNS Project, Universal MEP Projects, TANGEDCO, TPSDDL, AFCONS, to name a few.

To succeed, we knew that talent, knowledge and expertise were not enough. We needed something more critical - the will to win. And we ignited this passion in the hearts and minds of every VOLTECH GROUP member. The magic of this strategy is borne out in our performance.

As we see optimism on the prospect, we are readying ourselves for a stronger performance.

We remain confident of our success tomorrow and in the years to come.

My congratulations for the editorial BOARD MEMBERS OF Voltech Vista for the outcome of informative Half Yearly edition of Vista.

With Regards

Mr. M. Umapathi

Vistorial

Vista is undergoing a phase change. 2024 will be a bold new year for Voltech Vista. Over the last few months, the Editorial team has been patiently working behind the scenes in designing a new concept around which future issues of Vista would be based on. One of the reasons for this was the transition of Vista from a quarterly newsletter to a full-fledged newsmagazine. Another cause was the incessant insistence of the Senior Graphic designer who presented a strong case for revamping the magazine and going back to the drawing board. The process took several months owing to the method inertia of the system, and its inherent resistance to change, but now the plan is fully on track and on its way to execution. This Vistorial is in entirety, a tribute to his efforts.

During review discussions for Voltech Vista in the last Half year, the Senior graphic designer posed compelling questions about what our news

magazine is, and what it is supposed to be for its readers. Much research and insight had shed light on apparent shortcomings and flaws in our work which is now being worked upon diligently. The most vehement argument was with consequence to the content itself.

Aside from the interesting graphics which were the main attraction of every issue, there was very little in terms of original content that could build a good readership for the magazine. Sure, there were corporate and divisional updates, but they were regular fare, and the few articles that were featured, if at all, were cut and paste works lifted from the Internet. The plain truth was that the magazine was as bland as vanilla, and really offered nothing of any readable character to a casual browser. So, this time around, a plan was devised for the forthcoming four issues to include original content of variety and substance which would make for some interesting reads, and would also provide deeper insights into the finer workings of this great corporate house.

Scan for
28th Anniversary Video

The evolution of graphics design touches many areas of our culture-vector graphic. Our modern era is presently going through an intransigent period, flummoxed by the advent of the wave of globalization and the internet era. Boundaries have blurred and an isomorphic culture is being reflected across the world. Juxtaposed amongst a miasma of cultural inter locations and concomitant concordance. It would be interesting to see what resulting summations could be scrutinized when the pattern settles over time and space. The designs that could be gleaned at the end of this era would effectually represent the agglomeration of cultural atrophy that would crystallize when viewed from the future. The depiction and representation of entire civilizations could be ciphered through these forms of art and design.

2023 was an interesting year in the world of arts and designs. It gave me a great deal to reflect and ponder, and observe with keener interest how arts and culture transcends the present world. Louvre was the quintessential French monument, representing in its totality everything French right from its identity, name and the synonymous association of its location, Paris, which was once the world's epicenter for fashion, culture, literature, free-thinking and the arts. How could this French apotheosis end up in the middle of the Arabian desert is beyond me, and makes me draw parallels to finding an Egyptian obelisk in the middle of St. Peter's Square in Rome, or another one of gigantic proportions in Washington DC. The Louvre in Abu Dhabi is a great leap forward in the way art and culture is to be promoted across geographic boundaries. It would significantly bridge the gap between eastern and western art and would bring in much-needed appreciation of other cultures and beliefs. Art has linguistic characteristics that can communicate in ways that diction and grammar can never achieve. The presence of works of Christian depiction and other religions within the Louvre Abu Dhabi, in a predominantly Muslim country underscores the point. This only signifies to show that art is a branch of learning, and an occupation requiring specific skills and creative imagination that must be made accessible to all.

In my pursuit of excellence, I am now going back in time to the Persian and Mughal era, taking inspiration from regal motifs of that age, completely immersing myself in the splendor and majesty of those Hindustani masterpieces. Mughlai was perhaps an amalgamation of two different cultures that gave rise to an identity and form of its own. I look to Calligraphy and ancient India to draw inspiration as I try to carve out themes with meanings for my work. These arts of the ancients are some of the most elegant means of communicating messages through imagery, interweaving carefully words and pictures, in a perfect blend that would have different layers of meaning. I hope that in the forthcoming issue, I could incorporate more of these concepts into the design themes, relying less on technology, and working more towards these ancient art forms to create a classic Vista issue that would truly find its deserving place on a mantelpiece. I am already exploring Canonic themes and Hindustani works aside from arts of the Persian world to produce a special issue for our valued customers. I leave my E-mail and contact pages open for your inputs and suggestions, with the heartfelt promise that I would make best use of every bit of feedback I receive. Until then, I remain forever and most truly your friend and partner in creation....

Major Orders

- Successfully received order for the value of **8,00,000 INR** from M/s. Haritek Technologies India Pvt Ltd at Singrauli for Testing & Commissioning of HT & LT Panel activities.
- Successfully received order for the value of **2.12 MINR** from M/s. Toshiba Transmission & Distribution Systems (India) Pvt. Ltd. for Solar & Wind PSS at Kumool & Nandhiyal for Testing & Commissioning of 400KV GIS activities.
- Successfully received order for the value of **4.72,000 INR** from M/s. ABPE Engineers India Pvt Ltd at Tada for Testing & Commissioning of 132kv/33kv Switchyard activities.
- Successfully received order for the value of **4.30,000 INR** from M/s. Jindal steel and power limited at Haryana for Testing & Commissioning of 1X3.1MWTG activities.

Major Happenings

- Successfully Commissioned **33MW Solar power plant** on behalf of M/s. Aman Engineering Associates of Kamuthi-TN.
- Successfully completed **Testing and Calibration of M/s Hindustan Zinc Alloys Pvt Ltd** at Raimagora for the Project of M/s. Onshore Constnction CO Pvt Limited at Udaipur-Rajasthan.
- Successfully completed **Testing & Inspection - Air Circuit Breaker - 415 v for the Project of M/s.Vedanta Ltd** and the Client of M/s Vaaman Engineers India Limited at Jharsuguda, Odisha.
- Successfully completed **Testing & Commissioning of Substation for M/s. Mahaveer Electro mech Pvt Ltd** at Thirumalapady & Adirampattinam.
- Successfully completed Testing of **SP & SSP Equipment's Against RITES Project RT 750-00184** for M/s SRINIVASA INFRA at Hassan.
- Successfully completed **Testing & Commissioning of M/s Siemens Gamesa Renewable Power Private Limited** at Bikaner-Rajasthan.
- Successfully completed **Testing & Commissioning of Panel testing engineer Service M/s Hitachi Energy India Limited** at Dodabalapura-Karnataka.

Site Commissioned Detail

- Successfully completed **Testing & Commissioning** of Various Solar Plant at M/s Zetwerk Manufacturing Businesses Private Limited - Solapur, Gulbarga & Gujran.
- Successfully completed **Testing & Commissioning of 132kv/33kv switchyard M/s ABPE Engineers India Pvt Ltd** at Tada.

- Successfully received amendment order from M/s. ST Telemedia, for the value of **4.59 MINR** for O&M Service at GS Noida
- Successfully received order from M/s. Premier Alchovab Pvt. Ltd., for the value of **4.67,000 INR** for STG Testing & Commissioning activities.
- Successfully received amendment order from M/s. Siemens Ltd.-Bhadra, for the value of **1.76 MINR** for Testing & Commissioning activities.
- Successfully received amendment order from M/s. Siemens Ltd.-Nask (RLA project), for the value of **1.61 MINR** for Testing & Commissioning activities.

VADODARA

- Successfully received order from M/s. Naini Paper Ltd.-UK, for the value of **5,58,000 INR** for Testing & Commissioning activities.
- Successfully received order from M/s. Jai Balaji Jyoti Steel Ltd for the value of **5,50,000 INR** for STG Testing & Commissioning activities.
- Successfully received order from M/s. Siemens Ltd., for the value of **4.84,000 INR** for STG Testing & Commissioning activities.
- Successfully received order from M/s. SKS Power Generation (CG) Limited, for the value of **1.53 MINR** for Maintenance activities.
- Successfully received order from M/s. GE Power India Ltd (HYDRO div) for the value of **3,19,000 INR** for Testing & Commissioning activities.

Major Happenings

- Successfully completed Maintenance activities at M/s. Wind World India Limited for the value of **3.38 MINR** for Testing of EHV, HV Equipment and Relays of 110/33KV, 220/33KV and 66/33KV Substation at Gujarat project.
- Successfully completed STG Testing & Commissioning activities at M/s. Premier Alchovab Pvt. Ltd., for the value of **4.67,000 INR**
- Successfully completed Maintenance activities at M/s. SKS Power Generation (CG) Limited, for the value of **1.53 MINR**

Major Orders

- Successfully received amendment order from M/s. Larsen & Toubro Limited Construction, for the value of **1.20 MINR** for Testing & Commissioning activities. (DIAL-Airport & EMP 16 project)
- Successfully received amendment order from M/s. Stragob Infrastructure & Safety Solutions Pvt. Ltd. (MMRDA, MTHL), for the value of **1.61 MINR** for Testing & Commissioning activities.

- Successfully received order from M/s. Meru Industries LLP, for the value of **6,39,000 INR** for STG Testing & Commissioning activities.
- Successfully received order from M/s. Meru Industries LLP, for the value of **6,39,000 INR** for STG Testing & Commissioning activities.
- Successfully received order from M/s. Lloyds Metals & Energy Ltd., for the value of **2,10,000 INR** for STG Testing & Commissioning activities.
- Successfully received order from M/s. Union India Ltd (Torent power- Babra & Surel) for the value of **7,50,000 INR** for 220kV S/s Testing & Commissioning activities.
- Successfully received order from M/s. Godrej & Boyce Mfg Co Ltd for the value of **2.01 MINR** for 400/220kV S/s Testing & Commissioning activities.

- Successfully completed 400kV S/s Testing & Commissioning activities at M/s. Vikram Engineering & EXIM PVT.LTD, for the value of **2,60,000 INR**
- Successfully completed STG Testing & Commissioning activities at M/s. Jai Balaji Jyoti Steel Ltd for the value of **5,50,000 INR** for STG Testing & Commissioning activities.
- Successfully completed STG Testing & Commissioning activities at M/s. Lloyds Metals & Energy Ltd., for the value of **2,10,000 INR**

BUSINESS UNIT III

(EASTERN REGION AND RFT)

- Received the additional purchase order for the value of **70 MINR** from M/s. Vedanta Ltd., for conducting the Retrofitting, erection, testing & commissioning at Lanjigarh site.
- Received the purchase order from M/s. Techno Electric Engineering Ltd. for conducting the Testing & Commissioning at their various project sites for the value of **6 MINR** - in the duration between July 2023 to December 2023.
- Received the purchase order for the value of **1.58 MINR** from M/s. ITC Ltd., for conducting the Health assessment, retrofitting and pre-commissioning Test of Electrical Distribution Activities at their Rajarhat premises.
- Received Purchase order from M/s. MCP Private Limited for conducting Testing & Commissioning **8,00,000 INR** at Haldia Site.
- Received the purchase order worth **12 MINR** from M/s. Tata steel - Angul for CB maintenance activities.

Major Happenings

- 320 TPH of Unit-1 Boiler light-up had done successfully at Vedanta Lanjigarh site.

Site Commissioned Detail

- Successfully completed for 350 MW commissioned activities M/s. Ind-Sarath Energy (Utkal) Limited (JSW) invoice value **2 MINR**
- Successfully completed for 700 MW commissioned activities M/s. Techno Electric and Engineering Co Ltd. at various sites, invoice value **2 MINR**
- Successfully completed for 132/33 KV GS substation commissioned activities M/s. Tata Steel, Noamundi invoice value **1 MINR**
- Successfully completed for 700 MW commissioned activities M/s. Techno Electric and Engineering Co Ltd. at various sites, invoice value **2 MINR**
- Successfully completed for 350 MW commissioned activities M/s. Jindal India Thermal Power, Switchyard invoice value **1.2 MINR**

BUSINESS UNIT IV (EPC)

Major Orders

- Successfully received order from M/s. SECC - Supply, Erection, Testing & commissioning excluding Civil works for Kharkal Pumping of Kharkal Lift Irrigation project - Jharkhand.

Major Orders

- Received the purchase order from M/s. Somvanshi Solar and Power Consultancy Pvt. Ltd. for conducting the Testing & Commissioning at their various project sites for the value of **5.7 MINR** - in the duration between July 2023 to December 2023
- Received Purchase order from M/s. India Power Corporation Limited - Testing & Commissioning order value **1.53 MINR**
- Received Purchase order from M/s. Shyam Metals - Testing & Commissioning order value **3.02 MINR**
- Received Purchase order from M/s. Ind-Sarath Energy (Utkal) Limited (JSW) - Testing & Commissioning order value **3.62 MINR**
- Received the purchase order worth of **6,39,000 INR** from M/s. NINL for testing & maintenance services.
- Received the purchase order worth of **1.29 MINR** from M/s. Kalpaluru Power

Major Happenings

- Successfully commissioned 170MLD Water Pump house Project, Goa - M/s. SECC-Goa.

BU-I | PROTECTION

- Successfully tested and commissioned the Protection System of Traction stations in Eastern Dedicated Freight Corridor (CP204 & CP305) project through L&T worth of **3.5 MINR**
- We have successfully completed Protection healthiness testing at M/s.KPCL - Kudihini worth of Rs.5 Lakhs completed in 12 days and M/s.RRVUNL, Ramgarh worth of **4,00,000 INR** completed in 12 days.
- We had deputed Protection engineers (without test kits) under M/s.Hitachi and invoiced for **3 MINR**
- We have successfully bagged an order for switchgear relay testing at M/s.SP Armada, offshore-Mumbai project worth of **5,50,000 INR**
- Bagged and executed an order for relay testing worth of **3,20,000 INR** for M/s.Field Core, Jamnagar project.
- Bagged an order for deputation of protection engineer at M/s. GE Power, Subansiri - Arunachal Pradesh project worth of **7,50,000 INR** for 90 days.
- We have successfully bagged an order for GRP relay testing & HT/AT switchgear relay testing worth of **7,40,000 INR** for M/s.MB Power (Madhya Pradesh) Ltd
- Maiden order received from tender for testing of numerical relays at M/s.Hindalco, Bargarh for a tune of **1.2 MINR**

BU-I | AUTOMATION

- Carried out the below activities on behalf of M/s.Siemens Ltd.
- Troubleshooted the RTU issues in NITPL - Tuticorin.
- Developed competency in configuring A800 series RTUs.
- Developed competency in configuring RBHMI
- Successfully completed testing & commissioning of PAS & Wincc at KPCL - Bangalore.
- Successfully commissioned 220/66/11kV KPCL - Badeladaku SS.
- Successfully completed testing & commissioning of RTU & Wincc at 400/230/110kV TANTRANSOCO, THARAMANGIS.

BU-I | DIAGNOSTICS

- Maiden order received for Tan delta testing at M/s. Roytech Engineering Private Limited - Pradeep worth of **3,75,000 INR**
- Bagged an order received for Tan delta testing at M/s. Powersour Electrical - Firozabad worth of **3,00,000 INR**
- Repeat order Received from M/s. KEPCO, Dariba worth of **3,00,000 INR** for diagnostics testing successfully completed the testing within 5 days
- We have successfully bagged an order for Partial discharge testing at M/s. NLC India Limited project worth of **1,50,000 INR**
- We have successfully bagged an order for 30 Days analyzing of Harmonics and thermography at M/s. Ramco Cements Private Limited - R. R Nagar project worth of **4,00,000 INR**
- Bagged an order received for Tan delta testing at M/s. Volt Hydr Private Limited, Moori worth of **3,50,000 INR**
- Bagged an order received for Condition Monitoring for Power Transformers at M/s. JSW cements Limited, Nandhiyal worth of **1,75,000 INR**
- Bagged an order for a tune of **3,40,000 INR** from GETRI and Training given for 90 numbers of Gujarat state utility engineers.
- We have successfully bagged an order for circuit breaker testing at M/s. SP Armada, offshore-Mumbai project worth of **4,50,000 INR**
- Maiden order received an order from M/s. Reliance, Pokhran worth of **4,75,000 INR** for Condition Monitoring for Breakers and Transformers.

KSA

- We have received a Lump sum order from M/S. DOOSAN for 115/13.8kV Electrical Equipment Cold Testing and Commissioning Works at TUWAIQ CASTING & FORGING PROJECT worth **SAR 1.7M**.
- We received work order for Deputation of Protection engineer for Commissioning activities from M/s. POWER FLOW CONTRACTING with value of **SAR 276,000**.
- We have received work order for Protection relays testing at ARAR Project from M/s. ABB Industries Ltd worth **242,650 SAR**.
- We received a Lump sum work order from M/S. SEPCOIII for Testing & Commissioning of MV/LV systems for Yanbu-4 project with value of **SAR 202,000**.
- We received work order for Deputation of T & C engineer for Commissioning activities from M/s. HYUNDAI E & C for 380kV Marjan project with value of **SAR 150,000**.
- We received work order for Deputation of T & C engineer for Factory testing from M/s. GE for GE Factory at Al-Khobar with value of **SAR 458,400**.
- We received Lump sum work order from M/s. GRIEF Saudi Arabia Ltd for Relay settings co-ordination study of LV panels with value of **SAR 100,000**.
- We received Lump sum work order from M/s. GREEN SOLUTIONS Company for T & C of MV/LV panels at Driyah Project with value of **SAR 90,000**.
- We received Lump sum work order from M/s. CITY CROWN Contracting Company for T & C of AC/DC panels at SEC 55 with value of **SAR 87,400**.
- We received work order for Deputation of T & C engineer for PM activities from M/s. Hitachi Ltd for FACTS Projects with value of **SAR 385,020**.

New Developments

- Our engineers completed **NG Safety Rules Qualification and Authorization course at SEC for C1/C2 Authorization**.
- Our engineers completed **Partial discharge test training of MV cables from Omicron**.
- We started our new branch office at **Jeddah for installation business activities from Dec 23**.
- We received SEC approval for **two nos protection engineers up to 132kV SS**.

Major Orders

77th Independence Day Celebrations

Independence Day is always a proud moment for every Indian to celebrate Independence Day which is celebrated throughout India and every corner of the country on 15th August every year. Independence Day is celebrated by every citizen of India irrespective of caste, creed and religion.

Voltech takes the pride to celebrate **77th Independence Day - Azadi Ka Amrit Mahotsav** of our Nation in a peaceful and grand manner.

Honorable MD **Mr. M. Umopathi, Managing Director** hoisted the National flag and accepted the salute and guard of honour. Honorable MD has given a motivational speech and told us the importance of the day.

The Independence Day was celebrated with great enthusiasm by all the employees of Voltech group and winded up the celebration by singing National Anthem.

Events & Celebrations

Tanks Fabrication Plant Inauguration @ Cheyyar

Events & Celebrations

On August 21st, 2023, a momentous occasion unfolded at the Cheyyar Factory as the Tank Fabrication Bay saw the inauguration under the stewardship of Mr. Ganapathy. Amidst the clang of steel and the hum of machinery, a sense of excitement filled the air, marking a significant milestone in the Voltech's journey.

Mr. M. Umopathi, a stalwart of industry expertise and leadership, stood at the helm, embodying a vision of progress and efficiency. His dedication to excellence and unwavering commitment to quality had been the driving force behind the realization of this ambitious project.

As the ribbon was cut and applause erupted, it signified not just the opening of a new bay, but the dawn of a new era for the Cheyyar Factory. Setting new standards of excellence in the industry.

N. Ganapathy, MD's Uncle Inauguration of Tank Fabrication Unit at Cheyyar

Onam Celebration

@ Voltech HO

Onam marks the birth of Vamana, who is an incarnation of Lord Vishnu, and not the homecoming of Mahabali, a mythical demon king.

The simple, rustic and joyous festival of Onam was celebrated on 28th August 2024 in our office premises. The programme commenced with prayer by 9.30 am. The highlight of this programme was the Employees who has created Pookkalam and decorated the office so appropriate for the celebration. It was followed by a wonderful speech which brought out the significance of Onam.

As a part of the celebration, The office staffs wore traditional dress for Onam.

Ganesh Chaturthi

Celebrations @ Head Office

Vinayaka Chaturthi is one of the widely celebrated Hindu festivals in the country. The blessings of Lord Ganesha are invoked at religious ceremonies. Lord Vinayaka is known as the fortune giver, lord of obstacles and who brings good luck. Celebrating the birth of Lord Vinayaka is known as Ganesh Chaturthi which falls on September 28, 2024.

Voltech never miss out this occasion to thank Lord Ganesh to shower prosperity throughout the year. Ganesh idol was decorated with flowers and lighted the lamp at the start of the ceremony. Special Pooja shlokas were performed by Honorable MD. Flower, fruits and sweets were distributed to all the employees of Voltech those who attended the Spiritual event.

The pooja ended with the fulfillment of blessings from Lord Ganesh.

28th Anniversary Celebrations

The Voltech 28th Anniversary Celebration is more than just a commemoration of our journey; it's a testament to the power of employee empowerment. As we mark this significant milestone, we proudly celebrate the individuals who have fueled our success: our dedicated team members. From the very beginning, Voltech has been committed to fostering a culture of empowerment, one that values collaboration, creativity, and personal growth. Our anniversary theme, "Employee Empowerment: Igniting Innovation, Driving Success," reflects this core belief and serves as a tribute to the incredible contributions of our employees.

At Voltech, we understand that our most valuable asset is our employees. That's why we've made it a priority to create an environment where every employee feels empowered to unleash their full potential. Whether it's through providing access to cutting-edge technologies, offering continuous learning and development opportunities, or promoting a culture of open communication and collaboration, we strive to empower our employees to excel in their roles and drive innovation across the organization.

Empowerment is not just a buzzword at Voltech—it's a way of life. All employees, irrespective of any category, has a voice and a seat at the table. We believe that when employees are empowered to take ownership of their work, they become more engaged, motivated, and innovative. That's why we encourage autonomy, trust, and accountability at all levels of the organization, empowering employees to make decisions, take calculated risks, and drive meaningful change.

One of the key pillars of employee empowerment at Voltech is fostering a culture of continuous learning and growth. We recognize that the world is constantly

evolving, and to stay ahead of the curve, we must invest in the development of our employees. Through mentorship programs, skill-building workshops, and access to online learning resources, we provide employees with the tools and support they need to expand their knowledge, sharpen their skills, and stay at the forefront of their respective fields.

But empowerment isn't just about individual growth—it's also about fostering a sense of belonging and inclusion within the organization. At Voltech, we celebrate diversity in all its forms and believe that by embracing different perspectives, backgrounds, and experiences, we can drive greater innovation and creativity. That's why we're committed to creating a workplace where everyone feels valued, respected, and empowered to bring their authentic selves to work every day.

As we celebrate our 28th anniversary, we're not just looking back on past achievements; we're also looking forward to the future. We recognize that the world is changing at an unprecedented pace, and to stay ahead of the curve, we must continue to empower our employees to adapt, innovate, and thrive in the face of uncertainty. By fostering a culture of empowerment, we're not only investing in the success of our employees but also laying the foundation for the continued growth and success of Voltech for years to come.

In conclusion, the Voltech 28th Anniversary Celebration is a testament to the power of employee empowerment. By valuing and investing in our people, we've created a culture of innovation, collaboration, and success that sets us apart in the industry. As we look to the future, we remain committed to empowering our employees to reach new heights and achieve even greater success together.

Stage Inauguration by Mrs. Valli Murugesan

Inauguration is a ceremony that formally marks the start of any auspicious event. Mrs. Valli Murugesan and the spirit of Mr. Murugesan have inaugurated the stage for the start of our 28th Anniversary Celebrations. After the inauguration all the lights and audio has revealed the beauty of the stage. The evening has brightened like a daylight with sparkling light effects that created a spellbound ambience.

The grand event has brightened with the audio and lightings. The stage sparkled like a moonlight and the decorations was spellbound.

Stage Inaugurated by our Ma's Mother Mrs. Valli Murugesan

28th Anniversary Stage revealing

Lighting of Kuthuvilaku

Light is a pretty universal symbol of truth, knowledge, and understanding. It acts as a guide, keeping us from stumbling in the dark. Light and brightness represents the positive and the good spirits. **Mrs. Vali Murugesan, Mrs. U. Kalaivani, Mr. M. Umappathi, Ms. Devi Umappathi, Ms. A. Annapoorani, Ms. V. Freethi, Ms. N. Vijayashanthi, Ms. B. Shameena, Ms. R. Indira and Ms. E. Yamini** has lighted the kuthuvilaku as a significant start of the event. Now the stage is set with devotional lights followed by the start of the event. Prayer plays a vital part in our daily life and it is important for us to communicate with god and seek his blessings before we commence our day as well as our duties. Voltech has taught us to perform every action in a spirit of devotion for common welfare, without being attached to the fruits of action.

Best Performers of the Year

2022-23

As Voltech commemorates its 28th Anniversary, we stand on the shoulders of giants—our exceptional best performers, who have consistently demonstrated unwavering dedication, innovation, and excellence in their roles. These individuals embody the core values of Voltech, serving as beacons of inspiration and driving forces behind our continued success. In recognition of their outstanding contributions, we are honored to present each of our best performers with a distinguished gift: a meticulously crafted silver coin, accompanied by a personalized certificate of recognition.

The silver coin symbolizes more than just a token of appreciation; it represents the embodiment of excellence, integrity, and commitment that define Voltech's ethos. Crafted with precision and elegance, each coin serves as a tangible testament to the exceptional achievements and contributions of our best performers. As they hold this coin in their hands, may it serve as a constant reminder of their remarkable journey with Voltech—a journey marked by countless triumphs, challenges overcome, and milestones achieved.

Accompanying the silver coin is a personalized certificate of recognition, thoughtfully designed to honor and celebrate each recipient's unique talents, accomplishments, and impact on our organization. This certificate not only commemorates their exceptional performance but also serves as a testament to their dedication, leadership, and unwavering commitment to excellence. It is a tangible expression of our gratitude and admiration for their invaluable contributions to Voltech's success story.

Our best performers represent the epitome of excellence in their respective fields, consistently exceeding expectations and raising the bar for performance and innovation. Whether through their visionary leadership, creative problem-solving, or relentless pursuit of excellence, these individuals have left an indelible mark on our organization and have inspired their colleagues to strive for greatness. Their passion, dedication,

and commitment to excellence serve as shining examples of what is possible when talent, drive, and determination converge.

In honoring our best performers, we also extend our sincere appreciation to their families, friends, and loved ones for their unwavering support and encouragement. Behind every successful individual is a network of people who have stood by them through the highs and lows of their career journey. We recognize and appreciate the sacrifices they have made to enable our best performers to excel and thrive in their roles.

As we celebrate the Voltech 28th Anniversary and honor our best performers, let us come together to applaud their achievements, celebrate their successes, and express our heartfelt gratitude for their unwavering commitment to excellence. Their passion, dedication, and tireless efforts have helped shape Voltech into the industry leader it is today, and we are profoundly grateful for their invaluable contributions to our organization.

As we embark on the next chapter of our journey, let us draw inspiration from the exemplary achievements of our best performers and continue to push the boundaries of what is possible. Together, we will write the next chapter of Voltech's success story.

In closing, we extend our warmest congratulations to our best performers on this well-deserved honour. Our Employees' contributions have been instrumental in shaping Voltech's success, and we are proud to celebrate their achievements as we mark this momentous occasion. Hereby many more years of collaboration, innovation, and success together could be achieved.

10,15,20 Exemplary Service Award

In celebration of the Voltech 28th Anniversary, we extend our deepest appreciation to our dedicated employees who have reached significant milestones of services—10, 15, and 20 years with Voltech. Our employees have shown immense commitment, loyalty, and unwavering dedication for Voltech's success, and we are honored to recognize their remarkable contributions. As a token of our gratitude, we are delighted to present each long-standing employee with a prestigious gift: a finely crafted gold coin, accompanied by a personalized experience certificate.

The gold coin symbolizes more than just a token of appreciation; it represents their contribution to the success of the organization. Crafted with precision and elegance, each coin serves as a tangible reminder of our employees' invaluable contributions and the profound impact that they have made on our organization. As they hold this coin in their hands, may it serve as a symbol of our gratitude for their exceptional dedication and loyalty.

Accompanying the gold coin is a personalized experience certificate, meticulously designed to honor and celebrate their years of service, dedication, and unwavering commitment to excellence. This certificate serves as a testament to your professionalism, leadership, and invaluable contributions to Voltech's success story. It is a tangible expression of our gratitude for your steadfast loyalty and dedication to our organization's mission and values.

As we celebrate the Voltech 28th Anniversary and honor our long-standing employees, for their achievements and to celebrate their success, and express our heartfelt gratitude for their unwavering dedication and loyalty, their commitment to excellence and tireless efforts have been instrumental in shaping Voltech's success.

BEST FACTORY AWARD FOR THE FY 2022

BEST FACTORY AWARD FY 2022 - 2023

IC-M2, the Switchgear Division Manufacturing arm of Voltech, celebrated in style after winning the prestigious Best Factory award for 2022. The award over the years has become the benchmark for recognizing manufacturing excellence. This is the second year in a row that the company had won. It served to show that the company, led by Director - VMCPML Babu, were no strangers to the larger scheme of things.

The internal audit board were particularly impressed with the division's approach to continuous improvement, KPI-based management and approach to people management. Said Babu, the factory manager at Cheyyar, "I'm delighted that we won the award for two years continuously; the award is a reflection of all the great work everyone is doing. Especially when the other bigger plants of Voltech are in the fray, competition in this category is pretty stiff."

The CEO of VMCL, Mr. Swaminathan, made a formal statement "Continuous improvement is at the heart of everything VMCL does and this award is a testament to all the hard work which has taken place over the last few years at IC-M2. Well done to everyone involved."

To win the award, the group company had to demonstrate improved performance across the board; reducing lead times, improving productivity and delivering outstanding product innovation. The factory's two-year run without a single reportable accident despite operating potentially hazardous equipment was another crucial deciding criterion.

The Managing Director summed it up when he said, "It takes some grit to get to the winner's rostrum—but to be nominated for multiple categories across consecutive years is an achievement with few precedents. That is the magnitude of IC-M2 division's achievement this year."

The Judges panel for the award, which consisted of Mr. T. Premnath, Mr. Swaminathan, Mr. Senthil Arasu and Mr. Manikandan probed a strong training and work ethic at IC-M2. "The success of the factory is owned by its employees in the end. There is a commitment to training and education for all employees and a management team working on getting everybody actively involved in improving the business, not just in manufacturing but in other areas too."

The Juries expressed their appreciation for the functioning of the factory. And they also explained on what all factors are taken into consideration for selecting the Best factory. They have also insisted on how the other factories need to strive hard in the upcoming years to achieve the Best Factory Award.

Mr. Manikandan added: "Embedding and thinking lean in our daily working lives required a cultural shift and throughout our journey we have been fortunate to work in partnership with top-notch professionals and institutions which understand our specific demands and tailored the training programmes accordingly. These training programmes have had a huge impact on our bottom line. We already have a cohort of trainees lined up for the courses in the coming quarters and through professional linkages have now started to deliver training in the shop floor."

Scholarships & Donations Awarded

For nearly 15+ years, the Voltech group has provided a pathway to success for thousands of young people. **Voltech has Sponsored Rs 20,00,000/- for the construction of welfare Building.**

Welfare activities encompass a broad spectrum of initiatives aimed at improving the well-being and quality of life for individuals and communities. These efforts often include providing access to basic necessities such as food, shelter, healthcare, and education. Voltech always involve in Welfare activities.

Computers play a crucial role in education, providing access to vast resources and enabling personalized learning experiences. Innovation in artificial intelligence and machine learning further extends the importance of computers.

Knowing the significance usage of computers in education system, Voltech has come forward to give a helping hand to the young generation to get benefited, and educated in a wise way through Computers. Thereby, **Voltech has sponsored Rs 50,000/- to the Panchayat Middle School, Cheyyar.**

The office of Voltech gave the following press release. "The educational scholarships awarded through the Muva Trust have enlightened lives and empowered young minds over the last decade. It especially aims to recognize and reward those who demonstrate the values hard work, sincerity, honesty and integrity through their demonstration of scholastic merit.

Education promotes social cohesion and equality by providing all individuals, regardless of background or circumstance, with access to knowledge and Opportunities for advancement. It helps break the cycle of poverty, reduces inequalities, and promotes

social mobility. It plays a vital role in fostering global citizenship, promoting tolerance, understanding, and respect for diverse cultures, perspectives, and values. It contributes to the development of informed and engaged citizens who can actively participate in democratic processes and contribute positively to society.

Voltech group feels immense pleasure in giving **Scholarship of Rs 7 Lakhs** to the First Graduate students who are striving hard to continue their education. Around 45 First Graduates are given scholarship for their education. Irrespective of any field, students who are pursuing degree in Arts and Science, Engineering and MBBS Background was given scholarship to encourage them to continue their studies for the betterment of the Society.

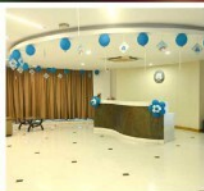

The cheques were awarded to the students by the wife of the founder of Muva trust, Smt. Valli Murugesan, who is the mother of the Managing Director

"We are very happy with the fact we can award these scholarships to these students who work very hard both academically and in extracurricular activities," said Shri. M. Umupathi, The Managing Director of the Voltech group..

"Education advances human knowledge and brings together communities", Mrs. U. Kalavani, Director of Voltech group said. Mrs. Kalavani said that the trust was set up to give financial support to deserving students from economically challenged backgrounds, irrespective of their religion, caste or social status. "This scholarship may be for one person but we should see the impact one person has and it goes very far. This is celebration of excellence in education," she said.

Winding Bay

Inauguration @ Pillaipakkam

On December 1st, 2024, amidst a backdrop of serene beauty at the Winding Bay of the Pillaipakkam Factory, an auspicious event unfolded - the inauguration of Ms. Devi Umaphathi's legacy. With the gentle breeze carrying whispers of anticipation, the gathering witnessed the culmination of years of dedication and vision.

Her unwavering commitment to excellence had propelled the Pillaipakkam Factory to new heights, embodying a spirit of progress and ingenuity.

The inauguration ceremony symbolized not only a new chapter for the factory but also a celebration of Mr. M. Umaphathi's tireless efforts and transformative leadership. With the ribbon cut and applause resonating through the bay, it marked the beginning of a promising journey towards even greater achievements under her stewardship. As the sun set on this historic day, optimism and determination illuminated the path ahead, guided by Mr. Umaphathi's inspiring vision.
