CHAIRMAN'S MESSAGE

Dear Customer,

We are pleased to introduce ourselves as a electrical service provider and product manufacturer. Our core proficiency and specialization in service includes almost anything in regard with power infrastructure in the industries ranging from Testing & Commissioning. designing a structural, civil, electrical layouts, correction schemes for a sub-stations to even preventive and predictive maintenance coupled with various special testing and commissioning activities, for

one's need of electrical engineering. Our range of products includes Power and distribution transformers, Control & Relay panels, Auxiliary relay and Industrial ball valves.

International Operations, a division instigated to understand and meet the demands of international clients. clearly showcase about the hug credibility earned by our company amidst overseas players, as well. Voltech is a Household name is the field of electrical engineering confined not just to India. Where we render engineering services across middle east countries such as UAE, Qatar, Kuwait, Saudi. Oman, Bahrain, Iraq, Iran, Egypt etc, Eastern countries Malaysia, Singapore, Australia, Indonesia, Thailand, Myanmar, Vietnam etc. African countries such as Kenya, Nigeria, Uganda, Algeria.

Zambia, Tanzania, Ethiopia, Sudan. Tunisia, Senegal. Botswana, Ghana, Malawi, Mozambique etc, SAARC countries such as Bangladesh, Nepal, Bhutan. Srilanka and American countries like USA, Chile, Brazil etc and other countries Japan Korea, UK. Spain Italy, Germany, France, Turkey etc literally trespassing its geographical barriers

We are pleased to enclose here with our profile as a ready reference for your kind perusal. We are in high spirits to associate with you and pleased to invite you to our customers and experience our service

M. Umapathi
Chairman & Managing Director

Mission, Vision & Quality Policy

Mission

To provide quality services in all electro-mechanical engineering disciplines through our areas of expertise in power system and infrastructural segments with profitability growth.

Vision

To achieve the status of leadership in international market in Providing quality engineering solution through resource productivity, timely response and cost effectiveness.

Quality Policy

We, Voltech engineers Pvt Ltd., are committed to provide competitive technical services related to its various fields of expertise, namely Testing & Commissioning of Electrical, Control & Instrumentation Devices, Calibration of Meter, Operation & Maintenance of Electrical Installations. VEPL is also Committed to achieve customer satisfaction at all times, meeting all statutory & Regulatory Requirement.

VEPL continually improves the effectiveness of the Quality Management System(QMS) and Reviews Continuing Suitability.

VEPL is Continuously upgrading the capabilities of its technical and Administrativestaff for their effective involvement.

HSE & Quality Policy

VOLTECH ENGINEERS PVT LTD

VISION

Building the OHS leadership is a fundamental part of our business by taking individual accountability to remain safe and return home at end of their day

MISSION

Developing individual towards dedicated growth on sustainable OHS knowledge at workplace and risk management

POLICY

Comply with statutory and standard requirements toward environment health and safety

Prevent and minimizing the environment, health and safety incident and work related ill health

Provide adequate control on environment impact and health and safety risk arising from

Provide and maintain safe plant and equipment

Consultation and communication with employees affecting health safety and environment matters

Provide information, instruction and training to all employees is competent to do their task

Continuous improvement and implement in environment, health and safety system

This policy is applies to all employees and others representing voltech engineers pvt ltd and cover all the activities and services and our commitment towards OHS will not be compromised

 M. Umapathi
 Chairman & Managing Director

VOLTECH ENGINEERS PVT LTD

QUALITY POLICY

VISION

To achieve the status of leadership in the international market by providing quality products through resources productivity, timely response and cost effectiveness

MISSION

To provide quality services in all electrical disciplines through our areas of expertise in power system and infrastructural segments with profitability growth

POLICY

Comply with all applicable statutory laws and regulations

Fulfill and exceed customer needs and expectations by delivering quality product & service on time and at agreed cost

Encourage customer feedback to help us improve performance of product & service

Communicate our quality objective and our performance against these objectives throughout the organization and to interested parties

Provide information, instruction and training to all employees is competent to do their task

Provide and promote good safe work environment and practices to all employees

Committed to continual improvement of quality management system

This policy is applies to all employees and others representing voltech and covers all the activities and services and our commitment towards quality will not be compromised

 M. Umapathi

About Company

Voltech Group has established itself as a true independent service provider and we are an acclaimed ISO 9001-2015 / OHSAS 18001 :2007 certified company in the field of Testing & Commissioning, Design & Engineering, Erection Supervision, Civil Supervision and Maintenance of Power Plants, Substations and Process Plants. We have earned vast repute in this industry due to our highly reliable as well as effectual services. A service company is only as strong as the trust of its customers and the quality of its reputation.

Established in the year 1995, we have become the industry leader in our domain due to our unending quest for providing high quality services to our prestigious customers. The support of our customers motivates us to deliver better services each & every time. Being an excellence oriented and client friendly organization, we take into account the valuable suggestions and feedback of our esteemed customers. This helps us to live up to their expectations and provide services which are better than the industry standards.

We have an experienced and excellent team of engineers, which helps us in offering the best services to our honored clients. Our Company strictly adheres to principles line commitment towards our employees, honest trade practices and regular training in the respective fields. These have worked wonders for us and we have succeeded in maintaining a niche for our organization in this highly competitive segment.

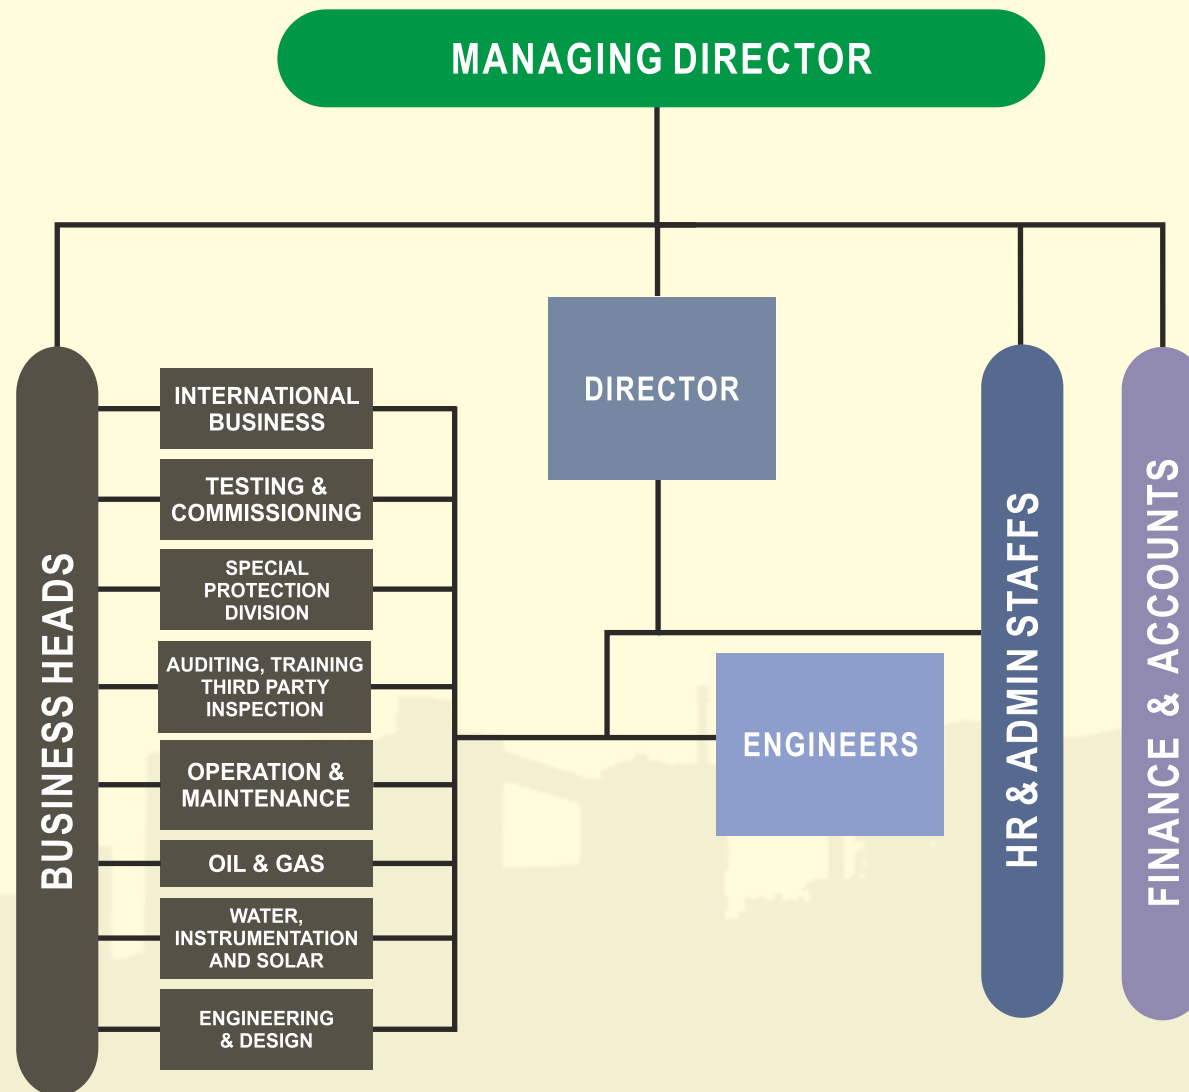

Thus, with a dedicated team of over 3500 qualified and experienced Managers, Engineers and Supervisors, we are confident enough to execute any Electrical Projects in a professional manner meeting all stringent work specification and time.

Our Services

Areas of Specialization:

- Testing & commissioning of AIS & GIS Substations, HVDC Systems, Power Plants and Infrastructure etc;
- Testing and Configuration of all types of Electromagnetic / Numerical Relays.
- Erection / Civil Supervision Services & Man Power assistance.
- Basic Design and Detailed Engineering for various levels of AIS and GIS Substations / Power Plants.
- Operation & Maintenance of Process Plant, Sub-stations and Power Plants.
- Optic fiber cable Splicing, Testing and inclusive of End Termination.
- Control & Relay Panel wiring, Modification & Refurbishment.
- Energy Audit, Training and Third Party Inspection Activities.
- Harmonics Studies, Analysis and Residual Life Analysis of Electrical Equipment.
- Maintenance of HVAC systems, EOT Crane drive commissioning, FMS.
- Transformer Repair and Service.
- Service and over hauling of Circuit breakers such as SF6, VCB, ACB up to 33kV.
- Instrumentation & Control-Field equipment Calibration and Supervision of Installations.
- BMS, Networking, Telecommunication & Security Systems.

Organizational Chart

Director's Message

ICIN is one of the biggest division in our Voltech Group both commercially and also geographically. With great support of all levels of the corporate and others within our organization, the Young & Energetic, Dedicated and Well trained team of engineers in our domestic operations who are adopted with the latest technologies is one of key point of our success in international market. ICIN has spread his wings in all the 7 continents to meet the needs and demands in the international markets, providing the quality Field Engineering services in the arena of Power, Energy and Infrastructure sectors.

Inline to our Chairman's vision, ICIN is creating a value addition not only in the terms of Services provided to the customers, also in establishing the brand "VOLTECH" in the international market.

Established in 2004, we are specialised in the complete Testing & Commissioning of electrical equipments up to 400 kV GIS substation. We also carry out Preventive Maintenance, Shutdown Maintenance & Annual Maintenance for all type Of electrical Substations.

With its ISO 9001-2015 & 45001-2018 certification, AGVS has received approval with ADNOC, TRANSCO, ADDC, AADC, DEWA, SEWA, FEWA Network.

We shall therefore be proud and privileged to be a part or team player in any of your future select projects."

With arms unfurled Welcome to "Arab Gulf Voltech Services Co LLC".

Site Details

Siemens WLL - GTC/788/2017 – Power Transformer Periodic Maintenance work for all Kahramaa Existing substation

ABB - GTC/1000 – Power Transformer Periodic Maintenance work for all Kahramaa Existing substations.

Alstom –GTC/501 / 2012 Condition Monitoring for 11500 Nos of 11kV Distribution Substations around qatar

Alstom –Three Years Operation and Maintenance of 220/33/10kV QSTECH substation.

Alstom – One and Half years Operation and Maintenance of 132/33kV Lusail Rail transport substation.

Servtech – RTU modification and signal checks for 50 Nos Existing Kharama substation.

Q Terminal - New Doha Port container berth complete electrical equipment's annual maintenance.

SPIE - Protections relay maintenance work at NKOM.

Siemens - GTC/906 – 220kV GIS Repair and Maintenance work for Kahramaa substations.

GE - GTC/896/2017 – Condition based preventive maintenance of 11kV Switchgear for all Kahramaa substations.

GE - GTC/895/2017 –preventive maintenance of OLTC for all Kahramaa substations.

QEICO - Complete electrical equipment's annual maintenance at ORYX GTL plant.

PRODUCT SUPPLY

L&T - Supply of 8 No's CT junction box.

SNC Lavlin - Supply of ESMDB and PMS Panel for QP district project.

Site Details

SUBSTATION

Testing & Commissioning of 22 nos of substations - Rabi Substation, Sabana kutus, Embakasi, Olkaria-111, Olkaria(OR Power Project), Nairobi North, Thika, Muthurwa, Gigiri, Syokimau, Airport, Nairobi North, Limuru, Doonholm, North Nairobi, Kikuyu, Sondu - West Kenya, Butere - West Kenya, Cherrangani - West Kenya, MaiMahiu for M/s Siemens Ltd.

Supply, installation, Testing and Commissioning of 33/11 KV AIS substation for M/s Power Gas Energy Ltd. for Baringo Substation in Kenya

POWER PLANTS

Testing and Commissioning, Relay Testing, Transformer Oil Testing, Battery charging & Discharging testing, Deputation of commission Manager and supply of cable Accessories at OLKARIA – through M/s. MHPS.

Site Modification and T&C Works at OLKARIA- through M/s MHPS

Bus duct, Generator, GCB, 220kV: CT, PT, LA, Transformer Oil testing at OLKARIA-V through M/s MHPS

HT Cables Testing at OLKARIA – through M/s. H YOUNG.

Testing & Commissioning of 220kV substation at 2x70MW Olkaria – I, II, III, IV V. Geothermal Power Plant

PROCESS PLANTS

Supply of 11 kV HT Panel, LT Panels, Capacitor bank, Testing and Commissioning, Relay Testing at Raiment Expansion through M/s. RAI CEMENT LTD.

Testing and Commissioning, Relay Testing and Deputation of Erection Engineer at Savannah Cement through M/s. SIEMENS INDIA.

Site Details

Testing and Commissioning, Relay Testing and Transformer oil filtration at Savannah Cement through M/s. AYOKI Fabricon Ltd.

Supply of 33 kV HT Panel, LT Panels, Transformer, Bus duct and Deputation of Erection Engineer at DWA Power Plant Project through M/s. Spenomatic (K) Ltd.

AMC Job for HT Panel, LT Panel and Transformer at Allpack Project through M/s. Allpack Industrial Ltd

AMC Job for LT Panel Breaker (ACB) at Comply Project through M/s. Comply Industrial Ltd

Inspection for LT breaker through M/s Danco Capital Ltd

PRODUCTS SUPPLIED

Supply of PCC panel & APFC panel for M/s. Eslon Plastics of Kenya

Supply of ACDB Panel & DCDB Panel for M/s. Siemens
 Supply of PCC Panel Battery Charger for M/s. Simba Cement Company Ltd

Supply of ACDB Panel, BMK, Junction Boxes & Interface Panel for M/s Siemens Ltd

Supply of 2 MVA Transformer, 11KV VCB Panel, Pcc Panel & APFC Panel for M/s. Allpack Industries Ltd

Supply of 3 No's of 33KV Control & Relay Panels for Line and Transformer Bay, Junction Box, Battery Charger with DCDB, Metering Panel & ACDB for M/s. Cummins Cogeneration Kenya Ltd

Supply of 1.5MVA Transformer & 11KV VCB Panel for M/s Star Plastics Ltd

Other Countries

East Africa

Site Details

MOZAMBIQUE

T&C of 220/110kV Chibata, Dondo substation project at Mozambique for M/s National Contracting Company

T&C of 110/22kV Mafambisse and Lamego substation project at Mozambique for M/s National Contracting Company

T&C of electro-mechanical at 110MW Maputo Gas Fired Combined cycle power plant for M/s IHI Corporation

Supply, Installation, T&C of 33kV FMCG Plant (33kV-1 Bay, PCC Panels, MCC & DB Panels, Battery charges for M/s GS Holdings LDA

Supply of clamps and connectors for Chimura – Nacala 400kV Overhead Transmission Line – Phase 1 lot 2 Substations to M/s Elecnor SYP

BOTSWANA

Installation, T&C of 3 nos of 220/132/33 KV AIS substation-Makoba, Samochima & Legothwane Substation in Botswana for M/s Kalpaturu Power Transmission Limited

BURUNDI

Installation, T&C of 220/110/33kV of 2 nos of substations in Gitega & Myunga, for M/s. Kalpataru Power Transmission Limited.

MALAWI

Installation, T&C of 33/11kV Bangwe substation, 66/33/11kV Nkula substation and 66/33kV Fundis Cross substation at Malawi for M/s Apollo International

ZAMBIA

11kV Substations Like Control Panels, Synchronizing Scheme, Control & Protection Scheme Checking, for Kanona, Southern Africa Ferro Alloys Limited – Zambia for M/s Angelic International

33/11kV Coventry Substation for ZESCO in Lusaka West & New Mumbwa – Zambia for M/s NCC

330/132/33kV substation in Lusaka west extension & New Mumbwa at Zambia for M/s GE Grid Solutions

Site Details

Erection Supervision of 132/33Kv FIG – Tree & Chibombo Substation for ZESCO for M/s NCC

ETHIOPIA

T&C of 11 nos of 220/132kV Substations - Alaba, Hosaina, Wolkite, GilGel Gibe, Jimma-II, Agaro, Bedele, Metu, Gambella-II, Wolisso & Gambellai in Ethiopia for M/s Alstom Ltd.

T&C of 9 nos of 220/132kV Substations - Adwa, Adigrat, Bahirdhar, Bitchana, Dembidolla, Dangla, Gambella, Debremarkos, Dabat for M/s National Contracting Company

T&C of 30MW Generator at Shoa Sugar Factory for M/s Uttam Sucrotech International

15MW Welayita Sodo-ii, Omo Kuraz Plants power transmission project

T&C of 31.15MW, 11kV power generation plant at Wonji/ Shoa Sugar Factory

Servicing, Testing & Commissioning of 65 nos of distribution transformers

SUDAN

T&C of 33Kv AIS Substation in Khartoum for M/s ABB

T&C of 3*3.6MW DG Power plant for M/s Sudanese Thermal Power Generating Co at El-Genene

T&C of 3*3.6MW DG Power plant for M/s Sudanese Thermal Power Generating Co at El-Fasher

T&C of 33/6.6kV Substation for M/s Al-Salam cement plant

Erection supervision, T&C of 220/11/33kV substation & transmission line project for M/s National Electric Corporation

CONGO

T&C of 5.5MW Tenke Fungurume Power plant in Congo for M/s Tenke Fungurume – Mining- South Africa

RWANDA

Deputation of man power – Civil Engineer for 110/66Kv Substation at Chimera Cement Plant for M/s Venus Control & Switch gear limited.

Group Companies

VOLTECH MANUFACTURING COMPANY PRIVATE LTD

- Power and Distribution Transformers up to 20MVA, 132kV Class.
- Capacity Enhancement and External Modification.
- Life Enhancement and Overhauling.
- Special application Transformers such as Furnace duty, Converted duty, etc.,
- Repair & Service of any make/brand Transformers (both Onsite & Offsite).
- Design & Manufacture of Control & Relay Panels up to 400kV System.
- Retrofitting of Control & Relay Panels.
- Manufacturing of Electromagnetic, Electrostatic and Numerical relays.
- Manufacturing of 11kV, 33kV Indoor/Outdoor Breakers, Compact Substations and United Substations.
- Manufacturing of all type of LV Panels
- Manufacturing of High Performance Two Way and Three Way Valves.
- Manufacturing of Flame proof fittings.
- Manufacturing of Electronic Products such as Battery Chargers, Power packs, Stabilizers, Energy Saver Panels, etc.,
- Manufacturing of Industrial Sockets.

VOLTECH O&M SERVICES PVT LTD

- Operation and maintenance of power plant, oil & Gas, petrochemical, Steel & sugar industries
- Retrofitting and refurbishment of power and distribution transformer.
- RCM - Reliability Centred Maintenance.
- CMMs - Computerized maintenance management programs.
- Power and fuel management.

VOLTECH HR SERVICES PVT LTD

- Recruitment, BPO Services, Training and Development.
- HR Research and Data analysis services.
- Event Managements, Statutory & Administrative services
- ISO Consultation
